

Resume

I. Personal Data

Names and Surnames

Carlos-Alberto Lescano-Alva

Professional Association and Registration No.

CMP 31330 / RNE 13575

Address, Telephone and/or Cell Phone

(1) Jr. July 28 710 dept 303 – Magdalena Del Mar /

(2) Av. Simón Bolívar 2150 – Condominium Jardines de la Católica – Building 23 – dept

Landline = +511 4511555 Cell = +51995855553

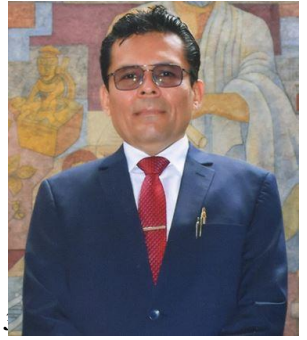

Email 01: *clesalva20@gmail.com*

Workplace

Edgardo Rebagliati Martins National Hospital /

Current position

President of Peruvian Society of Intensive Medicine - SOPEMI

II. Studies, Degrees and Degrees obtained:

01. University Studies

- Degrees and Degrees (date and University)

1. *Bachelor of Medicine, April 14, 1997, National University of Trujillo.*

2. *Medical Surgeon, April 14, 1997, National University of Trujillo.*

3. *Title of Second Professional Specialty in Intensive Care Medicine, May 6, 2002, Universidad Nacional Mayor de San Marcos.*

4. *Diploma in Elaboration, Execution and Evaluation of Scientific Research Projects in Health, February 13, 2006, Federico Villarreal National University.*

5. *International Diploma in Neuromonitoring in the Critical Patient, December 30, 2009, Ricardo Palma University.*

6. *Master of Medicine With Mention in Specialty, Cayetano Heredia Peruvian University, 2018.*

02. Participation in scientific events:

1. *Disorders of The Acid-Basic Balance and Interpretation of Arterial Gases. 4-6 March 2011. Curricular Value: 2 credits. (1 paper).*

2. *Breathing and Mechanical Ventilation. April 18-May 9, 2011. Curricular Value: 2 credits. (1 paper).*

3. *Neurointensivism. UNMSM. Faculty of Medicine. Postgraduate Unit. 3 – 27 May 2011. Curricular value: 2 credits. (1 paper)*

4. *I National Workshop Course "Update in the Management and Care of the Critical Patient". 04-06 July 2013. Academic Value 02 Credits. (01 Paper).*

5. *I Refresher Course in Medicine for Resident Physicians. March 18th. 18 March 2014. (1 paper).*

6. *Breathing and Mechanical Ventilation. UNMSM. Faculty of Medicine. Post-graduate unit. 21-23 March 2014. Academic Value: 2 credits.*

7. *Advances in Pulmonology. UNMSM. Faculty of Medicine. Post-Graduate Unit. 26 -29 May 2015. Academic Value: 2 credits. (1 paper).*

8. *"Hemodynamic Approach to Circulatory Shock". National Shock and Hemodynamic Monitoring Course – SOPEMI – 2015*

9. *"Hemodynamic Monitoring by Thermodilution and Pulse Wave Analysis". National Shock and Hemodynamic Monitoring Course – SOPEMI – 2015*

10. *"Introduction to Circulatory Shock and Hemodynamic Monitoring" –Pre-Congress Course of the International Course of Intensive Care Medicine – SOPEMI – Huancayo 2016*

11. *"Hemodynamic Monitoring by Pulmonary Thermodilution and Pulse Wave Analysis" – Pre-Congress Course of the International Course of Intensive Care Medicine – SOPEMI – Huancayo 2016*

12. *"Extravascular Pulmonary Water and Pulmonary Vascular Permeability Index" – Pre-Congress Course of the International Course of Intensive Care Medicine – SOPEMI – Huancayo 2016*

13. *"Circulatory Shock and Hemodynamic Monitoring" – Pre-Congress Course of the International Congress of Intensive Care Medicine – SOPEMI – Lima 2017*

14. *"Hemodynamic Monitoring" – International Course Hospital Víctor Lazarte Echegaray – Trujillo 2017*

15. *"Hemodynamic Monitoring" – International Course Hospital Belén – Trujillo 2017*

16. *"Hemodynamic support in the neurocriticalpatient" – International Course of Neurocritics 2018*

17. *"Hemodynamic Support in ARDS" – International Pre-Congress Course on Intensive Care Medicine – Chiclayo 2018*
18. *"Phases of Shock Management: Fluid Management" – XII Pan-American Iberian Congress of Intensive Care Medicine – Santiago de Chile – November 2018*
19. *"Septic shock and monitoring – When to use norepinephrine" – XII Pan-American Iberian Congress of Intensive Care And Emergencies – Santiago de Chile – November 2018*
20. *"Extravascular pulmonary water" – XII Pan-American Iberian Congress of Intensive Care Medicine – Santiago de Chile – November 2018.*
21. *"Hemodynamic Impact of Mechanical Ventilation in Times of COVID-19" – Sepsis, World Meeting, Breaking Barriers Around the World, 12-16 November 2020. Virtual platform.*
22. *"Shock Approach and Hemodynamic Monitoring in COVID-19" – XLVII COMMEC Nov 10-14 2020 – Virtual Modality.*
23. *"Hemodynamic Aspects of Mechanical Ventilation in prone Position" – XX International Course of Intensive Care Medicine- Peruvian Society of Intensive Care Medicine-SOPEMI – "Intensivists facing COVID-19" – November 16-21, 2020. Virtual Form.*
24. *What have we learned in ICU-COVID during this pandemic? – XVI Bolivian Congress of Critical Medicine and Intensive Care – 24-27 November 2020 – Virtual Modality.*

III. Teaching:

1. University

Place:

Universidad Nacional Mayor de San Marcos

Date:

2005 to present

Position / activity developed:

Guest professor in the Courses of the Specialties of Intensive Medicine, Neurosurgery and Pulmonology.

2. Non-University

1. *Instructor of the Course FCCS - SCCM*
2. *Instructor of the Course "Fundamentals of Disaster Management" FDM SCCM*
3. *Instructor of the Course Advanced Cardiovascular Life Support – ACLS - AHA*
4. *Course Instructor "World Interactive Network Focused On Critical Ultrasound" WINFOCUS*

IV. Research

1. *Sequential Evaluation of Dysfunction and Multiple Organ Failure in the Intensive Care Units of the Edgardo Rebagliati Martins and Guillermo Almenara Irigoyen National Hospitals. 2001*
2. *Midazolam Intravenous Infusion Dose and Sedation Level Achieved According to the Ramsay Sedation Scale in Patients on Intensive Care Mechanical Ventilation – Hospital Rebagliati – 2005.*
3. *Morbidity and mortality after Cardiovascular Surgery in the Intensive Care Unit of the Edgardo Rebagliati Martins National Hospital – 2003*

V. Publications

1. *Sequential Evaluation of Dysfunction and Multiple Organ Failure in the Intensive Care Units of the Edgardo Rebagliati Martins and Guillermo Almenara Irigoyen National Hospitals. Intensive Magazine Vol 3 No.3 – December 2001.*
2. *"COPD in the ICU: Noninvasive and Invasive Mechanical Ventilation" DIAGNOSIS. Medical Journal of the Hipólito Unanue Institute Foundation. Vol 53, No. 1, January-March 2014.*
3. *"Hemodynamic Approach to Circulatory Shock" INTENSIVISM. Peruvian Journal of Intensive Care Medicine. Vol 4, No. 2, October-December 2014*
4. *"Assessment of Volemia and Current Strategies for Fluid Therapy in Patients with Systemic Hypoperfusion" INTENSIVISM. Peruvian Journal of Intensive Care Medicine . Vol 5, No. 1, January-April 2015*
5. *"Blood Gases and Acid-Base Disorders. Part 1: Interpretation" INTENSIVISM. Peruvian Journal of Intensive Care Medicine. Vol 5, No. 3, September-December 2015*

V.

Honours and Awards

1. *National Award for Scientific Research in Intensive Care Medicine "Salomón Zavala Sarrio" Year 2001*
